Date: May 9, 1984

Subject: Spill Notification

Spill notification can be made at any time by calling one number - 271-4085. Please distribute this number to those in your company that may need it.

We would appreciate notification of a spill as quickly as possible. The sooner we know of a pending problem the greater the possibility that we will be able to mitigate it.

Sincerely,

  
C. J. Marciante  
Plant Manager
